

International strategy

Vision

The international vision of Skive Business College is to be an active institution in a globalized world. Our vision is to bring the world into the classroom and the classroom into the world on a daily basis. At Skive Business College the aim is to enable the student to be an active player in a globalized business world and business environment.

Strategy

The international strategy of Skive Business College includes the following elements:

- Staff and students at Skive Business College must be able to and be confident in working, acting and communicating in a global world. Bilingual (i.e. English) and multi-lingual competences as well as multi-cultural competences are core concepts of this strategic element.
- Partnerships are formed internationally at several levels. Joint Programme Partnerships are formed to enable the College to offer partial as well as full international educational programmes. Strategic partnerships are joined enabling the College to develop its knowhow base as well as offering its competences and knowhow in educational projects.
- The geographic strategy of the College is global. Geographic considerations will follow the economic business development and the international development sphere of our shareholders, users, partners and networks.
- From a nonprofit point of view, the College will invest in internationalizing the College. External funding will be identified - if available - to co-finance both the strategy as well as concrete programmes/ initiatives.

Organization of internationalization at Skive Business College

All internationalization is based in the department. Each department has appointed an international coordinator who acts as the department's international representative. Our departments' international coordinators are:

- EUX / EUD Business, Vocational Education and Training Department:
Ms. Cirsten Justesen; e-mail: cj@skivehs.dk
- "Handelsgymnasiet", Commercial Upper Secondary Education Department:
Mr. Henrik Neve; e-mail: hn@skivehs.dk
- Erasmus co-ordinator:
Ms. Else Marie Holm Nyby; e-mail: em@skivehs.dk
